MATERIALS THAT DEFINE SPACES

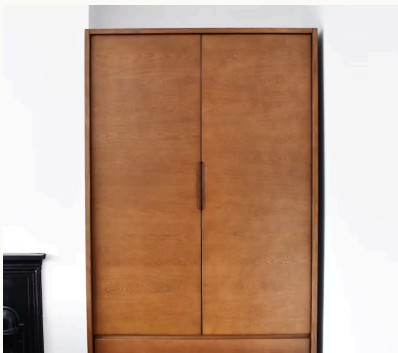

# THE COLLECTION

VOLUME 09 · 2025 · 248 PAGES

# BUILT FOR BETTER SPACES.

Every surface tells a story. Every detail shapes the experience. Arvéra brings together premium surfaces, structure and hardware to help create spaces that are beautiful, functional and built to last.

This volume documents every reference we hold — 912 laminate decors, 46 board constructions and 238 hardware references — photographed at 1:1 and specified in full. It is organised the way a specification actually gets written: by what the material has to do, not by what it is called.
